## Annual Meeting of Irma United Church

The annual congregational meeting of the Irma United Church was held on Sunday evening, January 26th. The meeting opened with hymn singing followed by an inspirational address by the Rev. H. W. Inglis. The reports from the various church organizations were then given. Mr. Inglis reported that instruction work among the girls through C.G.L.T. (Seniors and Intermediate) and the Explorer group was being well done. However it was difficult to find leadership for the boys both intermediate and junior.

Regular church services have been conducted at Irma and on alternate Sundays at Pessenden and Albert at 10 a.m. Mr. Inglis is also conducting services during the winter months at Jarro.

He also reported that plans have been made to have a family night once a month in the Irma church on Sunday evenings when parents and children can enjoy congregational singing, a devotional period and some motion pictures.

Mr. Inglis took the opportunity to thank all those who had served faithfully as officers of the various church organizations also the faithful pianist, Mrs. Whidden, the choir members and leader, Mrs. Simmerman and Mr. A. C. Charter the church treasurer.

## Weekly Inspirational Corner

(Sponsored by an Irma Times reader)

Know ye not that ye are the temple of God and that the spirit of God dwelleth in you?

If any man defile the temple of God, him shall God destroy; for the temple of God is holy, which temple ye are.

Let no man deceive himself. If any man among you seemeth to be wise in this world, let him become a fool that he may be wise.

For the wisdom of this world is foolishness with God. For it is written, He taketh the wise in their own craftiness.

And again, The Lord knoweth the thoughts of the wise that they are vain.

Therefore let no man glory in men.

1 Corinthians 3:16-21.

## WITH THE District Agriculturist

By J. S. Duncan

### Calgary Seed Fair

This year the Calgary Seed Fair is on March 6 and 7. It is open to all growers in Alberta and there are no entry fees. An exhibit consists of one peck of seed and must represent at least fifteen bushels of cleaned seed grown in 1935 and field inspected. Prize money is good. To enter all you have to do is advise Mr. C. A. Weir, Supervisor of Exhibits, Calgary Chamber of Commerce, 809 Centre Street, Calgary, that you wish to enter a sample. This has to be done at least two weeks before show date so that some impartial person can get the sample from the bin. This district raises good grain but very few ever bother to enter a sample in a seed show. Let's show them that this district has good grain.

### What About Fertilizer?

Profit is what you have left over after all expenses are paid. Often the only way to make a profit is to spend some money for supplies or equipment. This is particularly true when speaking of fertilizer. An investment of two or three dollars an acre may easily return four or five dollars in grain crops and even more on pasture and hay land. Remember that fertilizer should be bought by its content and not by brand name. For example 11-40-0 is not the same as 17-14-0, although both are made by the same company or companies. Drop in and talk over your fertilizer problems if you aren't sure what to use.

### Are You Getting Early Chicks?

It won't be long until chicks are being ordered and weed their adds to the problems of rearing them. Maintaining a proper temperature and keeping cold drafts out is very important with chicks. As this may take a little time to arrange make sure that everything is ready before the chicks arrive. Starting up the brooder and getting the temperature regulated before you have the chicks will save a lot of worry afterwards. Proper temperature, right food and plenty of clean water are the main items in successful chick raising.

### Wildlife Avoids Virgin Forests

A common delusion is that wildlife flourishes most abundantly in virgin woods and that the hunter gets his best reward when the loggers' axe and saw have yet to operate. The truth is that in virgin forests animals and birds can not find an adequate food supply as compared with areas of woodlands thinned out by periodical cutting. Judicious use of timberland for industrial purposes produces the most favored habitat for all forms of wildlife.

We trust the weather may not be unfavorable next Sunday, Feb. 9th, for those who may plan to go to Edmonton to Central Lutheran church to hear Dr. Oscar Hanson, well-known Lutheran evangelist. His general theme is: "A Sure Tomorrow in a Rocket Age." We are glad to be able to say that Dr. Hanson will be speaking three times on Sunday after all, at 11 a.m., 3 p.m. and again at 7:30 in the evening, all at Central Lutheran.

Neighbors either called, or sent greetings in some other way, to Mrs. J. Larson on the occasion of her 73rd birthday last Saturday, Feb. 1st. ## Road survey provides valuable information

Tabulations of the survey results were checked and plotted on a large scale map by the Township chairmen and their canvassers together with the Chairmen of the Joint Committees and Prof. W. B. Baker and his staff. A meeting held Monday, January 13, All resident farmsteads in the R.M. of Bayne and some fringe areas are shown on this large scale map, also the roads used by each farmer. From the survey questionnaire it was possible to tabulate the travel of each mile of road per month and this is indicated on the map. This gives a fairly accurate report on which roads are used most frequently. This map also shows the route farmers would like to travel if an all weather road were built.

The interest and enthusiasm shown in tabulating and obtaining the survey results was terrific. This analysis will form the basis for a master road plan for the Municipality which is the first district in Saskatchewan to start complete road classification for the future. From this survey all guesswork is eliminated in regard to what roads are most frequently used and routes shown where farmers would like to travel. This proves valuable information when roads are to be rebuilt or new routes built.—The Bruno Times, Humboldt, Sask.

## Chemise top Canadian fashion for spring '58

The fashion revolution of the Chemise has been accomplished for spring 1958. The new silhouette, the most extreme change in a decade, is firmly established throughout the Canadian fashion industry, according to the Montreal Fashion Bureau.

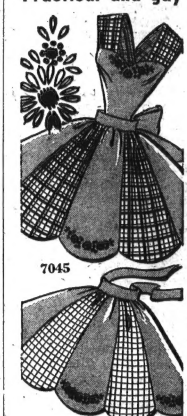

Despite the "back look" jeers, which greeted the first appearance of the chemise in Paris last fall, Canadian designers have as quickly influenced by the trend as others and their fall versions were readily accepted by Canadian women, the Bureau reports.

Now being called the "shape for '58," the "new relaxed look," or "chemiserie," the new spring versions succeed in making all other styles look dated.

Top Montreal fashion houses have already improved on the line. Their variations are skillfully engineered and anything but sack-like in appearance. The Bureau's survey of spring collections in this fashion centre, reveal the new look has been adapted for all figure sizes and types and all price ranges.

## **Kinsella News**

Mr. B. Travis of Regina, who has been visiting old friends in the Kinsella district for the last month or so, left on Saturday for Edmonton, where he will spend a few days with Mr. and Mrs. Easton Powell before leaving for his home in Regina.

Don't forget to get out and vote for your choice of District

Councillor on Saturday, Mar. 1. Your choice is Mr. W. D. Johnston and Mr. Jack Smith.

Mr. Frank Alcock is at present a patient in the Viking hospital. Mr. M. Uniolet spent the weekend in the city.

Mrs. G. Hintz and daughter, Madeline, spent the weekend with her daughter and son-in-law, Mr. and Mrs. L. Pederson.

Congratulations to Mr. and Mrs. Grant McGregor on the birth of a son.

## **Local News**

A rink from the Irma Ladies Club took in the Ribstone ladies' spiel last week. Mrs. Anquist, Mrs. Milne, Mrs. Lovig and Mrs. C. Barber won 3rd in the 2nd event.

Miss Marjorie Matthews has gone to Edmonton where she is beginning her nursing training at the University hospital.

Mrs. Alma Eager was a weekend visitor in Edmonton.

Mr. and Mrs. A. E. Scott, Evelyn and Lloyd Mellott of Daysland spent Sunday here with Mabel and Barbara Mellott.

Mrs. I. T. Skiles of Ryley was a recent visitor at the home of her sister, Mrs. E. P. Tomlinson. We are sorry to learn that Mrs. Wm. Boyd, who recently came to Irma from Jarow, is the latest mumps victim. Will those mumps never have done with us?

The next regular meeting of the Ross F.U.A. will be held at the home of Neil MacMillan on Thursday, Feb. 13 at 8 o'clock. A good attendance is requested. Mrs. Alfred Klonz of Edmonton is visiting here at the home of her mother, Mrs. Ostad.

Misses Iris Hurst and Pat Milne of Edmonton were weekend visitors at the G. Hurst and A. C. Milne homes.

Also home for last weekend were Misses Velsine Long, Nettie Pond and Shirley Mae Brown and Messrs. Norris Tomlinson and John Hill, all of Edmonton and Arnold Enger from Red Deer.

Attending tractor school at Edmonton this week are Messrs. C. P. Jones, G. Jones and Stan Murray.

Mrs. M. T. Knudson has been a patient in Viking hospital this past week. Her many friends at Irma wish her a speedy recovery.

Mr. and Mrs. G. Fendleton are visiting with relatives and friends at Grande Prairie.

The Women's World Day of Prayer service will be held at the Irma United church on the afternoon of Feb. 21st. This year the ladies from Sharon Lutheran church will preside at this service assisted by members of the Alliance, the Anglican and the United churches. All ladies of Irma and district are most welcome to attend.

Our most humble apologies to Miss Lily MacKay that we somehow got her into the recent capping ceremonies at the Royal Alex. hospital. Lily, as everyone knows, is well into her second year of nursing and was 'capped' long ago. We make haste to correct this lest she suddenly appear and beat us over the head with her graduation diploma.

Rev. and Mrs. H. W. Inglis, Mr. and Mrs. A. C. Charter and Mr. and Mrs. F. Jack and family were among those who attended the opening of the new United church at Wainwright on Friday last.

Cold weather seems to be creeping up on us. If we should blame the ground hog for this—he did see his shadow—or if old man winter is just going to prove he can still make below zero weather and cold north winds. Anyway, we are happy to know that winter got this far along before turning nasty and we can still hope for a February thaw.

Two rinks from the Irma Ladies Club skipped by Mrs. A. C. Milne and Mrs. A. Cook took in the Viking ladies' spiel last week and report a good time. Mrs. Milne's rink won second prize in the 3rd event and Mrs. Cook's won second in the second event.
